

# Australian Tropical Rainforest Plants - Online edition

---

## Family Profile

### Campanulaceae

## Family Description

A family of about 60-70 genera and 1000-1500 species with a world-wide distribution; seven genera occur naturally in Australia.

## Genera

**Lobelia** - A genus probably containing more than 200 species, mostly in tropical regions particularly in the Americas; about 20 species occur naturally in Australia. Moeliono & Tuyn (1960).
