

Australian Tropical Rainforest Plants - Online edition

Family Profile

Surianaceae

Family Description

A family of five small genera, three endemic to Australia and one (Suriana) monotypic and pantropic; four genera occur naturally in Australia.

Genera

Cadellia - A monotypic genus endemic to Australia.

Guilfoylia - A monotypic genus endemic to Australia. Francis (1970).

Suriana - A monotypic pantropic genus. Nootboom (1962).
